

**2008 PCI National Bridge Conference, October 5-7, Orlando, Florida
Instructions for Preparation of Camera-Ready Full Paper**

There are **no absolute limits to paper size**. A guide is 20 pages but exceptions are permitted.

See the sample paper that follows.

The first page must include only the paper title, list of authors, abstract (200 words max), and keywords (20 words max).

Please submit an electronic file of the paper in Microsoft Word format with the following settings:

- Margins: Top 1 in, bottom 1.25 in, left 1.25 in, right 1 in
- Tab Spacing: Every 0.5 in
- Paper Size: Letter, 8.5 in x 11 in
- Header/Footer: 0.5 in, all pages
Header: Type Authors' names and the words "2008 Concrete Bridge Conference"
Footer: Page numbers, centered, beginning second page
- Line Spacing: Single
- Font: Times New Roman, size 12 pt

Please refrain from promotion of individuals, companies and products.

Please avoid inserting into the Word document, very high resolution graphics or other large objects such as Excel files. Copy graphs (right click- copy) created in Excel and paste (right click-paste) into the Word document. Image scans should be done at 300 dpi, 3 in x 2 in (or 2 in x 3 in); typical file size of such an image is under 300KB.

References: Show as superscripts, e.g. reference⁴. Number references in the sequence they appear in the article.

Figures: Paste at the correct locations in the text. Show captions below figures, left justified. Number figures sequentially, e.g. Fig. 1, Fig. 2, etc. Color is acceptable.
