Vert joins Wells as project development manager in the Mountain States region

Wells has hired Amanda Vert as project development manager for the Mountain States region. In this role, Vert will build awareness of Wells' building solutions across Colorado, partnering with architects, engineers, and contractors to bring building systems to projects across the region.

Vert brings nearly a decade of experience in building envelopes, starting in manufactured stone veneer before transitioning into glass systems. With commercial construction experience, including large-scale multifamily projects, she partnered closely with architects on the specifications and details behind a high-performing facade. She serves as director of the board for CSI Denver and is an American Institute of Architects allied member.

Vert holds a bachelor's degree from Grand Canyon University in Phoenix, Ariz.

Amanda Vert

unique understanding of the challenges contractors face and has shaped the customer-focused leadership style that has defined his career. During his tenure with Euclid Chemical, Maglionico has held a series of leadership positions, most recently as vice president of sales and marketing.

Since joining Euclid Chemical in 2002, Gairing has held numerous leadership roles across procurement, supply chain, operations, and executive management before becoming president in 2019. Throughout his tenure, he has helped transform the company's approach to sourcing, operational efficiency, and customer service while guiding Euclid Chemical through a period of significant growth and industry change. Under his leadership, the company has expanded its market presence, strengthened its commercial capabilities and continued investing in solutions that support customers across the concrete construction industry.

Wells adds Santoyo as business development specialist for sealants, restoration services

Wells has hired Katy Santoyo as business development specialist supporting sealants and restoration for Wells' Mountain States region. In this role, Santoyo will focus on building strong client relationships and expanding awareness of Wells' sealants and restoration throughout the region.

Santoyo joins Wells with a background in marketing, entrepreneurship, sales, and client relations. She will work closely with clients and internal teams to expand opportunities for Wells' sealants and restoration services.

Santoyo is a graduate of Northwestern College in Orange City, Iowa.

Maglionico named Euclid Chemicals president

Russell Maglionico has been appointed president of Euclid Chemicals, effective September 10. Tom Gairing is retiring from the position after more than 24 years of service and leadership.

Maglionico brings nearly three decades of experience in concrete construction and specialty construction materials to his role as president. Prior to joining Euclid Chemical in 1999, he followed in the footsteps of his father and grandfather as a concrete contractor, contributing to numerous high-profile construction projects throughout the Cleveland, Ohio, area. His hands-on experience in the field provides a

2027 PCI Committee Days and Technical Conference

Call for Papers and Presentations

Abstracts are now being accepted for both peer-reviewed papers with presentations and presentation-only submissions for the 2027 PCI Committee Days and Technical Conference in Rosemont, IL.

The PCI Committee Days and Technical Conference is a premier national venue for the exchange of ideas and state-of-the-art information on precast and precast, prestressed concrete design, fabrication, and construction. The event provides an outstanding opportunity for networking, education, and sharing ideas.

Abstracts may be submitted on any topic relevant to precast concrete. There will be two tracks: Buildings/Materials and Infrastructure/Bridges. Don't miss this excellent opportunity to share your knowledge. Submit your abstract today!

Submit your abstract to softconf.com/p/pci2027

Submission deadline is November 20, 2026.

Papers will be due March 12, 2027.

September 21-25, 2027, in Rosemont, IL
