**For Immediate Release**

## Introducing Eric Pfeiffer as County Prestress & Precast's Executive Vice President of Prestress

Westmont, Illinois, April 2026 — The County Materials Family of Companies is pleased to announce that Eric Pfeiffer has accepted the role of Executive Vice President of Prestress for County Prestress & Precast, LLC.

Eric will be responsible for leading all operations and sales functions within our company's prestress division.

Eric has extensive experience in the concrete manufacturing industry, having worked with companies such as Old Castle and Thompson Pipe Group. He is a strong leader known for being a strategic partner who guides teams toward long-term success. Eric is committed to leveraging process improvement and fostering high-performing teams to ensure goals align with the company's vision and business strategies.

Brad Schmidgall, CEO for the County Materials Family of Companies, said, "Eric's leadership experience and unwavering commitment to achieving our team's goals make him a highly qualified candidate for this role."
