## Connectors

www.jvi-inc.com

YOUR "CONNECTION" CONNECTION. **JVI** provides bearing pads, slide bearing pads, slide bearings, plastic shims, shear and alignment connectors, slotted insert systems, invisible connections, and gourmet cooking.

Jim Voss  
847-675-1560  
info@jvi-inc.com

## Custom-Built Forms

www.tuckerbilt.com

Designer and manufacturer of the T-630 Concrete Transporter, **Tucker's Machine & Steel Service** also manufactures custom forms and other equipment for the prestressed industry around the world. Put our forty years of experience to work on your next project.

Don Galbreath  
352-787-3157  
don@tuckerbilt.com

## Form Release Agents

www.cresset.com

**Cresset Chemical Company** is a leading supplier of quality, eco-friendly form release agents, form and equipment treatments, cures and seals, hand cleaners and associated products for concrete. We're proud to be the preferred brand among architectural concrete producers since 1946.

Mike Baty  
800-367-2020  
mike@cresset.com

## Forms and Plant Equipment

SMART EVOLUTION.  
www.elematic.com

**Elematic** is the leading supplier of precast concrete technology worldwide. We supply everything from a single machine to production lines and complete precast plants. Matching these elements to your needs brings lifetime results.

Matt Cherba  
262-798-9777  
matt.cherba@elematic-inc.com

Hamilton Form Company, Ltd  
www.hamiltonform.com

**Hamilton Form** is the industry's premier supplier of custom steel forms and plant production equipment. No matter what the scope of your next project, Hamilton Form, a proud member of PCI, is your turnkey solution for practical solutions, consistent quality and outstanding results.

William F. Daily  
817-590-2111  
sales@hamiltonform.com

www.skako.com

**Skako Concrete** is the world leading manufacturer of concrete batching and mixing plants for the production of high quality concrete of all types. Skako manufactures a wide range of concrete mixers, concrete distribution systems and automation. Skako — Specializing in Turnkey Projects: Design, Manufacture, Supply and Mech-Elec Install-Startup-Run-In and Training of Certified PCI Concrete Plants.

## Precast Design Software

A NEMETSCHEK COMPANY  
www.allplan.com

**ALLPLAN** is a leading vendor of open Building Information Modeling (BIM) solutions for structural, civil, and precast engineers, rebar detailers, and BIM managers. Our software manages the full BIM workflow for precast concrete design and reinforcement.

610-429-9800  
info.us@allplan.com

## Structural Engineering

THE CONSULTING ENGINEERS GROUP INC.®  
www.cegengineers.com

**CEG** is recognized as a leader in precast concrete specialty engineering. CEG provides services to precast concrete producers and their associations.

Jeff Carlson  
847-255-5200  
JeffCarlson@CEGengineers.com

## Thin Brick

www.endicott.com

**Endicott** thin brick is a perfect fit for any precast job. State of the art manufacturing techniques allow Endicott thin brick to adhere to the tightest PCI Tolerances, and still provide an outstanding architectural color selection. Contact us to learn more.

Dean Schmidt  
402-729-3315  
dschmidt@endicott.com

www.metrothinbrick.com

**METROBRICK®** meets the PCI Standards for Thin Brick. METROBRICK offers a wide range of colors, sizes, and finishes. Custom blending is available as well as a full line of products – Fast Ship – in stock. When thinking brick precast—think METROBRICK.
