MEMORANDUM

To: Level CFA Registrants

From: Sherrie Nauden
      Manager, Education

Re: Level CFA School @ WOC

Date: 4/1/2021

As a result of our agreement with The World of Concrete, all registrants will qualify for the PCI member rate, but must purchase an Exhibits Only registration with The World of Concrete. We have negotiated a reduced rate for you of $25. You must use the following source code to qualify for this discount: A34.

To attend the June 2021 Level CFA course, register for The World of Concrete here: https://worldofconcrete.com/ (be sure to include your source code A34).

Select an Exhibits Only registration and, on the Registration Options page, select “Industry Training.” On the next page, Sessions & Events, you can search for “PCI” in order to locate our quality control schools. There is no other way to register for these courses.

You are responsible for making your own hotel arrangements through the World of Concrete. Housing information is available through WOC at https://www.worldofconcrete.com/en/hotel-travel.html or via the links at https://worldofconcrete.com.

The course will follow the same format and cover the same content as any other Quality Control School. If you are registered for the CFA course, your course will begin on June 8, 2021 and conclude after testing on June 10, 2021.

If you have any further questions, please contact Sherrie Nauden at snauden@pci.org.
