MEMORANDUM

To: Level I/II Registrants

From: Sherrie Nauden  
Manager, Education

Re: Level I/II School @ WOC

Date: 10/9/2018

As a result of our agreement with The World of Concrete, all registrants will qualify for the PCI member rate, but must purchase an Exhibits Only registration with The World of Concrete. We have negotiated a reduced rate for you of $25. You must use the following source code to qualify for this discount: A34.

To attend the January 2019 Level I/II course, register for The World of Concrete here: [https://worldofconcrete.com/](https://worldofconcrete.com/) (be sure to include your source code A34).

Select an Exhibits Only registration and choose “Association Industry Training” as you proceed through the registration process. You can then search “PCI” in order to locate our quality control schools. There is no other way to register for these courses.

You are responsible for making your own hotel arrangements through the World of Concrete. Housing information is available through WOC at [https://www.worldofconcrete.com/en/hotel-travel.html](https://www.worldofconcrete.com/en/hotel-travel.html) or via the links at [https://worldofconcrete.com](https://worldofconcrete.com).

The course will follow the same format and cover the same content as any other Quality Control School. If you are registered for the Level I only course, your course will begin on January 21, 2019 and conclude after testing the following morning January 22, 2019. Level II only registrants will join the course on January 22, 2019 at 10:00 am and conclude on January 23, 2019 at 11:00 am.

If you have any further questions, please contact Sherrie Nauden at snauden@pci.org.
