5. **Materials, Fabrication and Construction**

- 5.a **Accelerated Construction** *Informational Item*
- 5.b **Reciprocity & Standardization for Certifications and Other Issues**..... **Active**
• *Identify items for further consideration* *Industry*
- 5.c **Tolerances**..... **Informational Item**
- 5.d **SCC Requirements** **Active Item**
• Update comparison of SCC specification requirements DOTs
• Contact PCI Concrete Material Technology Committee regarding SCC definition Reid Castrodale
- 5.e **Electronic Submittals**..... **Informational Item**

6. **Parameters and Standardization**

- 6.a **Precast Pavements [approach slabs]**..... **Informational Item**
• Share TxDOT details for precast approach slabs William Nickas
- 6.b **Full-Depth Bridge Slabs** **Informational Item**
• Share calculations regarding critical panel size requiring prestress William Nickas
- 6.c **Process Standardization**
Lead: Jeff White
- 6.c.1 **RFID/Bar Codes for PS Members** *Informational Item*
- 6.c.2 **Full-Length Debonding of Strands**..... *Active Item*
• Develop proposed text on full length debonding for DOT BDMs *Industry*
- 6.d **Reinforcement Details**..... **Active Item**
Lead: Richard Potts *Reid Castrodale*
• *Develop industry recommended standard practices for varying stirrup projections* *Richard Potts*
• *Develop industry recommended standard practices for top strand debonding* *Reid Castrodale*
• *Find out if supplementary bars provide required composite connection to girder* *Castrodale/Nickas*
- 6.e **Girder Shapes** **Active Item**
Lead: Reid Castrodale
• *Develop guidance on factors to be considered when selecting girder sections* *G/C PCI*
• *Develop proposal on preferred deck bulb tee section(s)* *Industry*
- 6.e.1 **Lateral Stability of Girders** *Active Item*
• Develop recommendations on implementing lateral stability provisions Reid Castrodale
- 6.f **NEXT Beam** **Active Item**
Lead: Bill DuVall
- 6.g **Precast Substructure Elements** **Informational Item**
Lead: JR Parimuha.....
- 6.g.1 **Precast Pile Caps** *Informational Item*
- 6.g.2 **Precast Substructures** *Informational Item*
