

PCI is excited to present

## Innovation Day

To be held Friday, March 1, 2019  
Louisville, KY Convention Center

Call for all PCI associate companies to showcase their technology/innovation to the precast concrete industry.

If you offer a unique solution to “the way it has always been done” join us in advancing the precast industry. Meet with producers looking to improve processes and be more competitive in their market.

- CNC form building • Augmented Reality • Plant Automation • Robotics • 3D printing • 3D scanning
- 3D mold building • Drones • GPS • Plant Best Practice • Processes ...
