Precast Design Software

Edge.ptac.com

EDGE® is the software solution that the precast concrete industry has been in search of for quite some time. Utilizing the world's most preeminent graphics software, EDGE can be implemented for more seamless collaboration across multiple disciplines. More than just drafting and design, EDGE platform provides a connected workflow from estimating to erection. With EDGEERP, EDGECloud, and EDGECAM, our users can optimize all facets of their business.
