

ACCESS Your Organizational Membership **BENEFITS**

Membership with PCI continues to provide value within the precast/prestressed concrete industry as demonstrated in our growth and retention rates. It's an excellent time to be a PCI member with **ACCESS** to a myriad of tools and benefits to grow your business. The following is a snapshot of the many benefits of PCI membership:

Networking ACCESS

- Networking opportunities with thousands of customers, including precast, prestressed, GFRP producers and design professionals actively seeking suppliers for the products and services you offer
- Demo, Sponsorship, and Tabletop opportunities at the annual PCI Productivity Tour, a unique and exclusive 3 day productivity and quality improvement event specifically designed for key precast plant personnel (members only event)
- Sponsorship and Tabletop opportunities at annual PCI Committee Days (members only event)
- Opportunity to join committees and councils (120+) PCI Members have an influential voice in key industry initiatives by participating in these numerous committees
- Company listing on the PCI website and digital member directory

Discount ACCESS

- Discounted exhibitor booth rate at the Precast Show to introduce your products and/or services to more than 8,000 industry members
- Member discounts on PCI Event registrations
- Up to a 50% discount on qualifying bookstore purchases
- Discounts for your customers to the concrete industry's largest trade show, World of Concrete
- Complimentary subscriptions to our award-winning periodicals, [PCI Journal](#) and [Ascent](#) magazine, which provide the latest information on research, design, construction and industry developments
- Complimentary subscription to [ASPIRE](#) magazine (upon request) which focuses on the latest design and technology for concrete bridges

Education ACCESS

- Access to annual Market Survey, a powerful tool in identifying market opportunities and threats; understanding precast concrete's market share and market dynamics; and planning market strategy
- Access to PCI technical support including code change information and R&D
- PCI Members enjoy reduced registration for educational seminars including many that offer learning credits (LU), professional development hours (PDH), continuing education units (CEUs), or AIA credits
